How to use this list

- ☐ **Ten words a week.** Pick one theme, stick the words on the fridge, and use them in everyday sentences.
- ☐ **The word in its place.** Say the English word when you see the real thing: in the kitchen, in the car, in the park.
- ☐ **The memory game.** Turn the sheet over and see how many words you can both remember in one minute.
- ☐ **Hear it first.** English spelling often hides the sound (eight, knee, two). Listen to each word before you read it; the tutor corrects pronunciation in the lesson.
